Professional summary

Assistant breeder, I have 2 years experience in the setting of yield trials according some experimental design (Augmenting desing, Alpha lattice desing and replicated completed block design). I have experience in data collection with tablet and breeder and foundation seed rice production. I'm proactive and have an excellent ability to work in a team and a dynamic environment. I also have excellent inter-professional and communication skills.

Work experience

Since April, 2022

Assistant breeder

Centre National de Recherche Agronomique (CNRA), Research Station CNRA-Man, Rice Program

- Supervise land prepaton for experimentation and seed production
- Set up yield trials (OYT, RYT and OYT)
- Collect agronomic traits with tablet
- Breeder and foundation seed production

Education

September, 2018 – May, 2020

Master's Degree Bioresources/Agronomy. Major : Improvement of agricultural resources

Jean Lorougnon Guede University, Daloa, Côte d'Ivoire

September, 2017 – May 2018

Bachelor's Degree Bioresources/Agronomy

Jean Lorougnon Guede University, Daloa, Côte d'Ivoire

September, 2009 – July, 2010

High school Diploma

Roger Duquesne Catholic high school, Gagnoa, Côte d'Ivoire

Skills

- Setting-up of yield trials according genetic experimental design (Augmenting desing, Alpha lattice design, randomised completed block design),
- Breeder and foundation rice seed production,
- Agronomic traits data collection of yield trials with fieldbook application (tablet)
- Excellent ability to work in a team
- Good inter-professional and communication skills
- Intermediate English skill
